

## GLOBEWEST COLLECTIONS 2024 | VOLUME #02

March 18, 2024 – Australian furniture brand GlobeWest presents eight new collections and 250+ new products, enriching its' vast 2024 Collection.

A culmination of elevated neutrals and mixed materials lead the direction of the latest range by Melbourne-based Design and Product teams.

“Our Volume #02 capsule includes product highlights in grounding forms, comfort-driven shapes and eye-catching fabrics across our indoor and homewares categories.” Says GlobeWest Head of Creative, Keti Lytras.

“As we enter our twentieth year of innovation and design, we embrace new textures and silhouettes that embody the warmth and tactility of our natural surroundings.” Keti continues.

Immerse yourself in a sanctuary of retreat-like comfort, where individuality reigns supreme amidst cool and clean designs.

“There’s this desire for spaces to generate a sense of wellness and tranquility, where you can immerse yourself in a cosy sanctuary whilst embracing restorative profiles through curves, soft forms and tactile fabrics.” Says Keti.

Celebrate the fluidity of function and the warmth of personal touch through geometric styles set against a soothing neutral palette that personifies sophistication.

New finishes of gloss and hand applied mineral finishes reignite contemporary spaces, allowing you to savour the moment in an atmosphere of refined luxury.

“We’re excited to be introducing darker finishes like walnut to the range. There’s been a resurgence of these warmer woods in high-end architecture and interiors, emerging through designs with rounded edges and silhouettes that soften spaces. We’ve added some key Walnut pieces into the collection including **Seb**, featuring a round and oval dining table with a unique tri-pillar base, fostering a warm and inviting atmosphere.” Keti explains.

With the addition of new elevated marbles, create a sense of presence through emperador marble with its rich shades of brown, captivating ocean marble and an exciting contemporary grey marble, each piece exuding natural beauty.

Distinctive colours of Dusk, Sepia, Thyme and Gunmetal feature throughout new casegoods and occasional tables.

Feel the revitalising embrace of crisp linens in Cloud, Dove and Oat in new upholstery silhouettes, while new modular forms and grand profiles invite you to sink back in a space tailored to you.
