

GLOBEWEST COLLECTIONS 2019 | VOLUME #02

March 19 2019 | Design-focused Australian furniture brand GlobeWest presents Collections 2019 Volume #02. Seven entirely new collections and 200+ new styles and colours to supplement its' diverse range.

The concept of calm design led the development of the Volume 02 capsule given our ongoing quest for harmony, health and happiness in the home.

"The ongoing influence of nature is undeniable with muted earthy tones, raw finishes and handcrafted elements featuring strongly. Comfort is everything with rounded forms and ultra-cushioning creating a personal cocoon within our homes, while an eclectic mix of modern and retrospective silhouettes and colours create a sense of familiarity." Says Keti Lytras, GlobeWest Design Manager.

"Totemic silhouettes in brushed metal work in unison with leather upholstery, whilst tweed makes a contemporary resurgence. Fine, arched and balanced framing feed our need to simplify and declutter." Explains Keti.

NEW TABLES & CASE GOODS COLLECTIONS

New collection **Sonny's** entertainment unit, buffet and bed-sides feature solid oak plantation shutter detailing and low profiling, creating coastal ambience and evoking relaxation.

Exuding sophistication, **Austin** combines classic elegance with country style, featuring timeless inset panel detailing.

Textural terrazzo and architectural features form new collection **Brigitte**. With arch framing grounded by handcrafted white or black terrazzo tops, this table collection inspires fluidity and balance.
