

## GLOBEWEST OUTDOOR COLLECTIONS 2019

GlobeWest reveals Outdoor Collections 2019, including 5 completely new collections and over 115 new products joining its' comprehensive range of outdoor living, dining and lounging furniture.

The Australian brand, renowned for inspiring diverse interiors with its' distinctive furniture, delivers equally on its' promise outside, with this latest collection of thoughtfully designed outdoor furniture for lovers of contemporary, classic, eclectic, modern and retreat (coastal & country) aesthetics.

"As architecture celebrates indoor/outdoor living, and nature continues to influence our lifestyles, there's an equally strong desire to transform our poolside, alfresco and garden areas into inspiring spaces" says Keti Lytras, GlobeWest Design Manager.

A hero for GlobeWest's 2019 Outdoor Collections, the **Mauritius collection** offers an extensive array of stylish silhouettes from outdoor pendant lighting, ottomans and alfresco shelving to sleek outdoor dining and living furniture. With its premium, resort-style aesthetic, the flexible sectional sofa in a choice of ebony or aged teak frames invites you to unwind in cushioned comfort. Strong angular metal bases on the dining and side table work beautifully in contrast with woven dining and occasional chairs.

Delivering a relaxed and contemporary aesthetic, **Haven** features low-form seating and light, natural finishes. The inviting modular sofa has sunproof upholstery and soft quick dry foam cushions on a teak base which extends to form a functional side table.

**Lagoon** makes a fresh statement with powder coated white frames, emphasised by bright blue rope detailing on the 3-seater sofa and occasional chair. A bar trolley in khaki or white is an exciting addition, whilst dining chairs with natural timber arm rests on crisp white powder-coated aluminium frames add a sense of luxury.

**Malaga's** 3-seater sofa, dining and occasional chairs fuse contemporary elegance, comfort and durability with powder coated frames wrapped in fine, misty graphite roping and dark grey upholstery making them perfect for more traditional spaces.

Providing a contemporary twist on outdoor living, the versatile and textural **Maui** setting features cross-over woven details and sophisticated herringbone coffee and side table tops.

GlobeWest has also added countless new styles to its' most loved existing Outdoor Collections:

Indoor/Outdoor favourite, the sculptural **Livorno** collection sees the inclusion of coffee and side tables in robust rounded forms.

A bold, dark ebony timber colourway and new sunproof modular sofas with a remarkably soft, indoor-like hand feel join **Marina**.

**Pier** has expanded considerably to include eight new products. The addition of a striking air blue colourway across selected piece, stackable dining chairs, and upholstered occasional chairs are among the highlights

Merging style with durability, Globewest Outdoor Collections 2019 features unique materials and scientifically developed technologies to stand up to the harsh Australian climate.
