GlobeWest reveals Outdoor Collections 2022, welcoming 3 entirely new ranges and 73 fresh styles to its' comprehensive range of outdoor living, dining and lounging furniture.

"As we seek to break away from the everyday whilst holidaying at home, our outdoor spaces need to be more than an extension of our indoor space. With comfort at the forefront, this luxurious collection makes resort style living possible, connecting to nature in shape, colour and texture." Explains GlobeWest Head of Creative, Keti Lytras.

"Cocooning forms, half-moon silhouettes and rounded elements invite mindful moments in the sun, whilst tones and textures are shaped by the Australian landscape." She continues.

"A cleansing palette of soft neutrals is balanced by natural textures and earthy tones of clay and moss. Plush sunproof fabric, matt powder coated frames and durable ceramic surfaces elevate the collection across alfresco living, dining & poolside spaces.

Each piece is thoughtfully designed with durability in mind, for prolonged enjoyment in our beautiful Australian climate.
